

Empire Fields and Plateau

View from Southeast

4m Wide Casual Running Path Warm-up Area Existing Field House Plateau Sports Park 6m High Fencing behind Goals Central Access Aisle Space for Temporary Tents and Potential Covered Team Bench Spectator Seating 1.2m High Perimeter Fencing

Overall View of the Fields

Following feedback from the February 2012 open house and consultation with Park Board and organized field sports representatives, the layout of the Empire Fields soccer fields and running path have been finalized as presented:

- Two full size soccer fields with junior soccer and ultimate lines
- A warm-up area to the south to be shared by both fields

Synthetic Turf Field with Soccer and Ultimate Lines

Central Access Aisle - Looking West

Design Features:

- A central aisle for players access and spectators. The width of the aisle will allow for temporary tents to be installed during tournaments, festivals and events
- Potential permanent weather protection for players' and referee's benches
- Access to power and water along the central aisle
- Easy access to washrooms and the field house from the central aisle
- Provision for equipment storage off the vehicular access road
- Emergency vehicle access to both fields
- A single warm-up area to be used by both fields
- A 1.2m high fence separating the warm-up area and the fields.
